To search for specific names, type keywords into the search bar in your PDF reader. If a keyword search doesn't turn up expected results, it is recommended that you also scroll down into the alphabetical listings to search for the name, as the text-recognition software is not perfect.

The table of contents below can also give you an idea of where to look within the document for other kinds of information listed in the directory, like street guides, government listings, and advertisement indices. Note that the PDF page number and the original directory page numbers are different, because the color-printed advertisement pages in the directories were not numbered.

P R E F A C E .

The two great necessities of Brooklyn—the Bridge, and the Directory for 1883-4—are given to its citizens almost simultaneously. There is not any truer index of the growth of the City than the latter, and there cannot be any more complete benefit than the former. They both contribute in the highest degree to the convenience of its citizens. There only remains to be accomplished a rapid transit system, to complete our right to rank as a residential and business place combining all the advantages and accommodations possible. And with this will, of necessity, come the making of the Bridge exempt from toll. This great highway, locking together these two grand Cities, whose interests are so identical, must soon be made as free to the traveler over them as any of the land roads which it continues and connects. We have, in many previous years, expressed our faith in this great work, and we have seen our population largely increasing, year after year, in anticipation of its use. Its fulfillment was the fruit of many expectant years, and it was long doubtful when it would be finished. But, largely through the exertions and vim of our present excellent Mayor, more especially, though, by reason of public agitation for it, it is at last a *fait accompli*. It is a monument to the skill and devotion of all those who assisted in its construction, and a boon to the people of Brooklyn, for which they will ever be grateful. Soon will come safe and speedy travel by rail over it, and from it, even to the uttermost parts. Wide avenues of approach are necessities. Washington street should, and probably will, be widened; but surely there must be a broad and direct avenue leading from the Bridge through the business center to the homes beyond. This will be accomplished by extending Flatbush avenue, thus affording the desideratum, than which there is none greater in the minds and hearts of our people, save only rapid transit. Brooklyn has had a very large augmentation of dwelling accommodation, and many massive and elegant buildings for business purposes have been erected during the past year. It is soon to have a new Post-Office Building, of grand proportions, and eligibly located. The march of Time will bring to us more and more population, buildings, improvements and adornments, until our beloved City shall stand out among those of all the world as wanting nothing, and affording the pleasantest and most convenient of homes.

And now a few words about ourselves :

For all our working life we have been Directory-making, but never did we feel a greater pride in our work than we do in that of this year. This has been a triumphant year for Brooklyn, and its Directory is its standard bearer.

This volume contains **152,280** names, an increase over last year of **9,909** names.

The next volume, we are confident, will show a still larger increase.

We have felt that the time has arrived when we must separate the Business Directory from the City Directory; and so we have made distinct publications of each. In 1879, the price of the complete Directory was \$5.00. It then contained 125,440 names. Since 1879 the names have increased by **26,840**. This enlargement is equal to over 200 pages of printed matter, and is more than is contained in the Business Directory, so that we, this year, give more matter for the same price than we gave in 1880, which was the first year the price was \$5.50. The new Business Directory was canvassed for and compiled at the same time as the City Directory, and, therefore, we are enabled to offer it at the merely nominal price of \$1 per copy. In it each business, trade and profession is classified. These books should both be a part of the equipment of every business house in our City and vicinity.

FINE CARRIAGES AND ROAD WAGONS.

We have received the following letter from General McCLELLAN, in regard to the

VERTICAL STEEL PLATES

Used in the Axle Beds of all our Trotting and Road Wagons :

New York, June 1st, 1871.

GENTLEMEN:—I have carefully examined your Patent Vertical Steel Plate Axle. I find that the addition of the Vertical Plate renders the Axle about *two and a half* (2 1-2) *times* as stiff as it would be without it.

Very respectfully,

GEO. B. McCLELLAN.

No. 1.—Half the wood removed from an Axle bed, showing the position of the plate. No. 2.—The Axle.
No. 3.—The Axle and Axle bed combined.

SPECIALTY:

*A Business Education on Business Principles, as directly,
expeditiously and economically as is consistent with
successful and thorough teaching.*

We aim to produce Ready Penmen; Quick and Accurate Accountants.

T. R. BROWNE, Principal and Proprietor.

GENERAL METHOD OF STUDY.

THE student entering for the BUSINESS COURSE is carefully instructed in plain business penmanship, and given a special and private review in Arithmetic, Correspondence, etc., etc., until qualified to take part in the regular work of the school. He then learns the routine of business, examines and files away papers, makes out bills and invoices, monthly statements, averages accounts; makes out account currents with computations of interest, etc. He is taught to make business entries in the proper books, and to post them; to draw off trial balances, etc., and acquires, through FREQUENT REPETITION, great expertness in composing and writing Business Letters, Accounts, etc.

IN COMMERCIAL LAW

we teach the current usages which govern Notes, Drafts, Checks, Contracts, etc., making them more interesting as a study in language by means of written recitations and dictation. Nor is the common English neglected; SPELLING AND COMPOSITION OF LETTERS AND PAPERS forming an invariable part of our daily routine.

PARLIAMENTARY LAW AND USAGES OF PUBLIC BODIES

are taught every Friday afternoon by means of a popular literary society of the senior pupils, headed by the Secretary of the Institute, Rev. E. S. Hotham. Twice each term the officers and committees are elected by printed ballots; insuring rotation and education in office. CUSHING'S MANUAL is the authority.

OUR GENERAL EDUCATIONAL FACILITIES

surround us with everything necessary or desirable. A BANK, with proper books, forms, currency, etc., affords all necessary facilities for making deposits, discounts, collections, settlements, etc. The Bank, together with a Jobbing house, Shipping, Commission and Forwarding Offices; also Express, Real Estate and Insurance Offices, are officered in rotation by the Students themselves, thus making them familiar with the practical details of the various businesses transacted, *via* U. S. mail, with ASSOCIATE BUSINESS COLLEGES in Philadelphia, Paterson, Baltimore, Newark and New York. These colleges, having duplicate accounts with ourselves, are engaged (through the pupils) in buying from, or selling to, each other.

This varying business, involving loans, discounts, settlements and other sharp business calculation, not only passes under the eye of the several staffs of teachers, but must also tally with the book accounts of the pupils themselves, thus insuring the invaluable combination of skilled teachers with pupil's competition; giving as a net result the American business speciality of "SNAP, VIM AND GO-AHEADITIVENESS."

THE RESULT OF OUR BUSINESS EDUCATION

is, that all Studies are intensely practical, individual and progressive. From first to last, and day after day, each exercise of the pupil is in strictly calculated line with those mental qualities of accuracy and expertness which Business men gladly welcome and reward.

"TIME IS MONEY." "KNOWLEDGE IS POWER."

Much valuable time is lost in branches of study useless for a business career. The best time to send us pupils is that intermediate period, when, after attaining a fair common school education, they yet lack the practical knowledge attainable only

BROWNE'S BROOKLYN BUSINESS COLLEGE.

through the usual weary delays in business offices, or, more quickly and surely, through a course of

Business Instruction in an Approved Business College,

where men's methods of business are taught to those who are anxious to assume men's duties. Neither PARENTS' MONEY nor PUPIL'S TIME is allowed to go to waste at BROWNE'S.

This is the only Commercial College in the United States keeping on file each day's work of the Pupils, accessible to parents whenever wishing to verify their attendance and progress. Absentees are promptly reported by mail or messenger.

EMPLOYMENT FOR GRADUATES.

Approved Business Colleges grow each year more popular, and the demand for GRADUATES exceeds the supply. In this age of sharp competition, parents cannot afford to neglect such SURE ADVANTAGES. ~~It~~ A few months' salary of the graduate repays the ENTIRE TUITION FEE !

RECAPITULATION.

The reader perceives our system is that of a Specialist ; it is a School of Business, established to supply the needs of business men for trained assistants. In our QUARTER CENTURY OF BROOKLYN BUSINESS COLLEGE EXPERIENCE we have met with large success, and can give names of Banks and Insurance Companies (here and in New York) whose clerical force is or has been almost entirely composed of pupils from BROWNE'S.

YOUNG LADIES ENTERING BUSINESS.

Quite a number of young ladies are now taking the complete Business Course. THESE HAVE EVERY FACILITY WITH OUR YOUNG MEN ; not unseldom coming out first in the race.

ADULTS AND LADIES.

We offer especial inducements for young and middle-aged Gentlemen and Ladies ; desks for exclusive use, etc., and PRIVATE, if desired.

GENERAL ROUTINE.

All lessons are individual ; there are no classes ; you can begin at any time ; take anything desired, in part or entire ; and during any portion of the day or evening ; the term commencing with entrance. To regular students vacations are optional ; but lessons can be given, when desired, the year round.

BOOK-KEEPING.

Whether intending to be a book-keeper or not, every person interested in business should understand the science, because it is the center and backbone of all business system. A long experience has so perfected our methods that we are able to teach BOOK-KEEPING in a remarkably short time. We guarantee to render students competent to keep books by DOUBLE OR SINGLE ENTRY for any business or profession, and challenge contradiction ; in proof of which we can furnish addresses of many merchants and accountants whose business education was obtained only from this Institution ; going from here directly into successful mercantile life.

COMMERCIAL ARITHMETIC.

Lessons given, or reviews, in whole or part, from the rudiments up. SHORT RULES, invaluable to every variety of commercial calculation, many of them original, are taught.

BROWNE'S BROOKLYN BUSINESS COLLEGE.

PENMANSHIP.

The Principal unhesitatingly guarantees success to students, of either sex, in acquiring a rapid, easy and legible handwriting, in spite of advanced years, stiffness of the hand, nervousness, or bad methods confirmed by years of practice.

TERMS : 25 Lessons, \$5.00 ; SCHOLARSHIP, \$10.00 to \$15.00.

SHORT-HAND. (Phonography.)

PROF. BEALL, practical reporter, guarantees rapid progress. Can be taken separately. Terms moderate.

DAY PUPILS can change to evening attendance (to secure offered employment), without losing their school privileges, and without additional expense.

GENERAL TERMS; (Twelve Weeks.)

Parties taking the FULL COURSE are recommended to enter for periods of not less than six months. Many will make advancement in a short time ; all exhibit decided improvement from the start ; but to develop and train the faculties requires sufficient time ; besides, it should be understood that much of our work is AN ART, not to be acquired in memorizing, but in the doing, and the FREQUENT doing.

BUSINESS DEPARTMENT.

DAY SESSION.—12 weeks, \$20 to \$25 ; 24 weeks, \$35 to \$45 ; 36 weeks, \$55 to \$60.

EVENING SESSION.—15 years or under, 12 weeks, \$10 to \$15 ; over 15 years, \$15 to \$20.

(SCHOLARSHIPS insure the holder a full education, unlimited as to time.)

SCHOLARSHIPS.—DAY SESSION, \$55, \$75, \$125.

“ EVENING SESSION, \$35, \$55, \$75.

Variations in price arise from the differences in age, attainments and extent of course, which can only be determined after a personal interview.

ENGLISH OR PRIMARY DEPARTMENT.

In this department we accept young or adult students, backward (or otherwise) in their studies. These have special drill in Writing and Arithmetic (with other usual branches), and, when properly qualified, they are if desired, advanced into the regular Business Department.

TERMS : 12 weeks, \$15.00 to \$20.00 ; 24 weeks, \$25.00 to \$35.00. SCHOLARSHIP, including both English and Business Course, \$75.00 to \$125.00.

Please call between 9 A. M. and 9.30 P. M. for Pamphlet containing full information, list of business references, students, etc.

The inspection of Business men, Parents and others interested is invited.

OFFICE ONLY ONE FLIGHT UP.

COLGATE & CO'S VIOLET TOILET WATER

Alcohol & Cologne Spirit {ESTABLISHED 1835.} **J. A. WEBB,**
165 Pearl St., New York.

Used by Druggists and Manufacturers throughout the world. Send for Quotations.

If any reader, whose eye shall meet this, wants a cheery, bright, religious paper, we advise him to send three dollars at once for THE CHRISTIAN AT WORK, and give it a trial. THE CHRISTIAN AT WORK is non-sectarian; that is, it does not confine itself to the interests of one denomination, but gives the news of all. It has valuable Sunday-School Lessons; its Editorial pens traverse all subjects of current interest; its Family and Home Departments are as peculiar as they are unexcelled; it gives the latest news from the Mission fields. It also has a capital Farm Department, which gives it additional interest to all interested in rural life.

THE CHRISTIAN AT WORK is the healthiest, the brightest, the most stimulating, the best religious weekly published. Try it in your home for a year, and see how the old folks and young folks and the middle-aged folks like it. Boys and girls reading THE CHRISTIAN AT WORK will not seek the flashy literature of the day; and they will learn that religious reading need not be dull reading. Try THE CHRISTIAN AT WORK, and see if it is not so.

MARMONT B. EDSON'S Life-Saving Invention.

For universal use in connection with Air, Oil, Steam, and Water, either upon Steamboats, Steam Yachts, Locomotives, Breweries, Mills, Manufactories, and City Water Reservoirs, Pipes, etc., etc.

THE TIME, SPEED, AND PRESSURE RECORDING GAUGE, and "High Pressure Alarm," shown in the cut, affords a true record of all changes in the pressure upon a strip of paper, and defines the exact time of such occurrence.

A Gong will ring upon the Gauge, also in the Engine Room or elsewhere if desired, the instant any fixed limit is reached.

Engineers are prompted to take care and avoid accidents, and human lives will be saved by their use.

For Sale by the Inventor and Sole Proprietor,

Dr. D. M. ELMORE,

Discoverer of the remote or original cause of all Rheumatic disorders, and of the *only* real or radical remedy for Rheumatism—acute, inflammatory, sub-acute, and chronic—muscular, tendonous, and nervous, which includes Gout, Arthritis, Lumbago, Sciatica, Neuralgia, etc.

All *candid* physicians, during past ages, have acknowledged the fact that neither the original cause, nor a real or radical remedy or treatment, is taught in any of the Medical Schools or books, or is known to the "Profession."

But since Dr. Elmore discovered, several years ago, both the true cause and a *specific* for the various species and forms of Rheumatism, thousands of old chronic cases have been cured by it, and hundreds of the cured in Brooklyn and New York can be referred to personally. Among those cured are a number of physicians, and they, as well as some other doctors, who happen to be acquainted with the curative power of Dr. Elmore's preparation, pronounce it the *first and only true remedy*, and give him the credit that belongs to him of being the first to discover both the cause and cure of the troublesome and stubborn disease, Rheumatism. This medicine is not unpleasant to drink, and is called Dr. Elmore's R. G., or

RHEUMATINE-GOUTALINE.

Besides being the only medicine or agent that ever really cures Rheumatic diseases, it is the best medicine in use for Torpid or Diseased Kidneys and Liver, and their offspring, Disorders of the Stomach, Bladder, Blood, and Nerves—Torpid Kidneys, causing Rheumatic poison to accumulate in the blood, and Torpid Liver, usually producing Dyspepsia, etc.

The price of R. G. is \$2.25 for bottles of 35 fluid ounces, and \$1.50 for 21 oz. bottles.
